

# Lok-it! Halogen

### Areas of application

- Concert Lighting
- Club & Disco
- Stage & Theatre
- Studio, TV, & Film
- Architecture & Architainment

#### Product features and benefits

- High quality halogen light source optimized for spotlight applications
- Fast lamp replacement with one-touch rotate and lock base and socket design
- Consistent color over the life of the lamps
- Dimmable with traditional amber shift

## Product family datasheet

Lok-it! 1200W

## Product family datasheet

#### Safety advice

To prevent personal injury or damage to property, halogen lamps may only be operated in suitable luminaires designed with suitable mechanisms (cover panel etc.) to ensure that in the event of a lamp bursting no parts/shards can escape and that during operation no ultraviolet radiation can escape. Because of the heat produced only heat-resistant lamp connections (holders) may be used. Do not operate near people, or any materials that are flammable, sensitive to heat or affected by drying out. Detailed information is available on request.

#### Application advice

For more detailed application information and graphics please see product datasheet.
