

Lightbar FX500-CB

Higher luminosity guarantees improved safety on the road

Combo Beam
Combined beam of light

Lighting distance up to 440 meters
Improved far and near field illumination

Beam angle 5°
Exceptionally focused beam angle

LED auxiliary lights enhance driving pleasure

Improved far field illumination on dark rural and dirt roads – it's no problem for the LEDriving Lightbar FX500-CB. Its 20 intense, high-performance LEDs give the LED high beam a light distance up to 440 meters and ensure improved road safety for drivers.

Even at dusk or in compromised lighting conditions, the LED bars for automobiles provide daylight conditions at a strong 6000 Kelvin without needlessly blinding oncoming traffic. The intelligent reflector design diverts the light from the LEDs so that oncoming traffic is only indirectly exposed to the light. The light is evenly distributed at a five degree angle.

Robust, durable and versatile

Whether used as a LED working light or as an auxiliary high beam for the car – the powerful performance and long life of the LEDriving Lightbar FX500-CB make it a compelling

choice. Equipped for a wide range of uses, it defies environmental factors and is particularly robust thanks to the quality craftsmanship of its materials and hard-wearing polycarbonate lens.

The integrated driver and thermal management system regulates the temperature of the LED automotive headlight and prevents damage caused by overheating. Full polarity protection ensures the LEDs are automatically shut off in the event of excess voltage.

Brightness for a wide range of uses

The LEDriving Lightbar FX500-CB is pure pleasure both on and off-road. The ECE-compliant LED auxiliary light ensures better visibility and thus improved safety on roads. In addition, it adds a smart touch that enhances the off-road style of the vehicle.

The LED headlight can be mounted on 12V vehicles as well as agricultural machines, utility vehicles, recreational, off-road and 4x4 vehicles. The power package with an intense 5500 lumen brightness scores with the highest optical efficiency and homogeneous light distribution with reduced glare.

Product family datasheet

Technical data

	Product information	General Product Information	Electrical Data		Photometric Data
Product description	Application (Category and Product specific)	Global order reference	Nominal wattage	Test voltage	Nominal luminous flux
Lightbar FX500-CB	Additional high beam application	LEDDL104-CB	68.00 W	13.5 V	5500 lm

	Lifetime Data	Capabilities	Logistical data	Environmental & Regulatory Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)
Product description	Lifespan Tc	Technology	Commodity code	Primary article identifier
Lightbar FX500-CB	5000 hr	LED	85122000900	4052899595392

Product description	Candidate list substance 1	CAS No. of substance 1	Safe use instruction	Declaration no. in SCIP database
Lightbar FX500-CB	Lead	7439-92-1	The identification of the Candidate List substance is sufficient to allow safe use of the article.	3fb4e8db-b861-4743-a139-730e69bb83fc
