

ROADSIGHT OWRC7

ROADsight OWRC7

1080p resolution

High-definition video at 1080p resolution

IP 67

OWRC7 is dustproof and water resistant according to IP67

2-year OSRAM guarantee

Systematic quality assurance measures underpin the workmanship and functionality of our products. Innovative technology and good quality really pay dividends for our customers

Expand your view

The perfect extension to your existing ROADsight Reverse Camera system - designed to seamlessly integrate with the OWRC7 monitor unit, this high-quality wireless camera enhances your overall visibility, making reversing, parking, and maneuvering even more precise.

Delivering a 1080p video feed and featuring a 120° wide-angle field of view, the additional camera provides a broader and clearer look at your surroundings. Whether you're monitoring blind spots, trailer angles, or side views, this camera helps reduce risks and enhances control behind the wheel.

Equipped with infrared LEDs, it ensures reliable night vision so you can see clearly even in low-light or nighttime conditions. Its durable, water-resistant and dustproof housing (IP67-rated) makes it ideal for a wide range of vehicles and weather conditions.

Fully compatible with 12V and 24V systems, it installs easily and expands your ROADsight system to provide even greater situational awareness.
