

LCD Frame

Protective frame for the LCD Screen OINVLCD.

Allows the screen to be fixed in a more secure place.

Made from ABS construction

Hard wearing and blends into most black vehicle trims.

Supplied with screws and end caps

Screws and end caps provided means it can be fixed once unpacked.

Accessories for inverter

OSRAM POWERinvert PRO is an extensive range of professional heavy duty inverters for remote working. Available in either Pure Sine Wave or Modified Sine Wave for both 12V and 24V applications. OSRAM POWERinvert Pro inverters take the 12V or 24V DC vehicle electrical supply and invert into 230V AC mains power to run and operate electrical equipment from service vehicles. Pure Sine Wave Inverters produce a sine wave with the same frequency as mains power, with no distortion, to power sensitive electronics. Modified Inverters have distorted frequency, meaning they will power less complicated products such as fridges and power tools.

Product family datasheet

Technical data

Product description	Product information	Physical Attributes & Dimensions		
	Application (Category and Product specific)	Height	Width	Length
LCD Frame OINVFRM	Inverter accessory	99.5 mm	27.8 mm	70.0 mm

Product description	Dimensions & weight	Certificates & standards	Environmental & Regulatory Information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)	
	Input Cable Gauge / Length	Standards	Primary article identifier	Candidate list substance 1
LCD Frame OINVFRM	6 m	ROHS / WEEE	4052899631120	No declarable substances contained

Product description	Declaration no. in SCIP database
LCD Frame OINVFRM	No declarable substances contained

Safety advice

Tested and certified to the relevant EMC and LVD Directives.

Legal advice

RoHS and WEEE Approved.

Application advice

For more detailed application information and graphics please see product datasheet.
